

# FUTOR

Educate. Empower. Create.

futor

An ERASMUS+ program linked to the United Nations Sustainable Development Goals 4, 13 & 17.

## Secondary school students

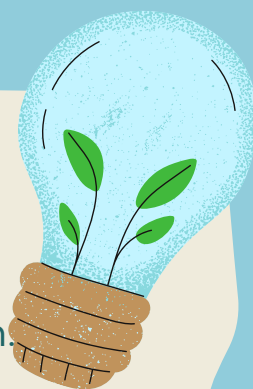

FUTOR is aimed at secondary school students aged 13 and older studying in the Azores, the Canary Islands and La Reunion.

## Azores, Canaries & La Reunion

FUTOR is actively looking for secondary school students and their teachers to join this innovative international youth empowerment program.

## Collaboration & English

Students will collaborate internationally using Wikis and at the same time improve their English.

## Creativity & digital arts

Students will develop creative problem solving skills; both students and teachers will improve their digital literacy.

## Environment & science

Students will learn to assess environmental problems and come up with creative & scientific solutions.

FUTOR is an ERASMUS+ financed project developed and implemented by:
